What is going on with our city's traffic on 101, why is it backed up from Cochrane every day, and why are there so many potholes? When will we finally see the high-speed rail project begin? How do we control speeding in our city and protect our community? Why is Monterey Road being reduced to one lane? Find out what is going on, and what our city officials are doing to help create better road conditions, better infrastructure, and a sustainable environment in our community.
